IG8

Specification Sheet

PRODUCT DESCRIPTION:

Oftentimes it may be necessary to wear additional layers over the nose, face, and neck to provide protection from the wind, cold and other hazards. The IG8 neck gaiter is made of a hi-visibility lime polyester spandex fabric with a warm and soft fleece lining on the inside. This stretch fabric is snug and comfortable, providing an excellent fit for most individuals. It measures 13.7 inches in length and 10 inches in width. The hi-vis lime color adds another layer of hi-visibility protection helping to make sure you are seen on the jobsite. It also features MCR Safety's reflective logo patch, making it easy to identify. This multipurpose gaiter is breathable and stretchable making it an excellent option for wear long term wear. Can be worn as a neck gaiter, balaclava, dew rag, or headband. Looking for the best options in fleece lined neck gaiters? Look no further than MCR Safety!
