#### PRODUCT DESCRIPTION:

MCR Safety has designed a broad line of Hi-Visibility Products that will allow you to find the right product for your application. The BMRCL3L reversible bomber jacket has unique features that will make you stand out in the crowd. One side features hi-vis lime material with 2" silver reflective stripes and meets ANSI Class 3 Hi-Visibility Standards. This side is treated with Teflon which causes the material to repel liquids, dirt, grit and grime. Turn this jacket inside out and you can wear it as a black jacket. The black color hides soiling and offers you an option when hi-visibility is not required. Both sides feature a badge tab, and two zippered pockets. The zipper front closure and attached hide away zippered hood makes this jacket a perfect choice. Waterproof.
