VSURVMLB

Safety Vest

Specification Sheet

PRODUCT DESCRIPTION:

MCR Safety stocks a variety of ANSI rated safety vests for your high visibility needs. With an assortment of styles and colors, you can choose a garment that ensures that you are seen in a variety of complex backgrounds. It can be a matter of life or death, so be seen in MCR Safety's Hi-Vis apparel. The VSURVMLB is an ANSI/ISEA Class 2 safety vest made of fluorescent lime polyester material with silver reflective tape. This vest is loaded with features. It has two lower outer front pockets that measure 12 inches in width x 7 inches in depth that closes with a generous hook and loop tab. Other front pockets include a clear ID pouch pocket, a divided pencil pocket, and two upper side pockets. On the back of the vest you will find one large plan pocket that measure 12 inches in depth by 24 inches in width (on size large). Inner pockets include two 12 x 8 inch pockets, one having a zippered front and a hook and loop strap to secure an ipad or other electronic device. Other features include 4 sturdy metal snaps on the front closure, two upper metal grommets, and two mic tab holder. The VSURVMLB has a mesh and solid front and a full mesh back which will help air to circulate and keep you cooler. Looking for the best safety vest? Look no further than MCR Safety.
