VT31JH Rainwear Specification Sheet

PRODUCT DESCRIPTION:

This Premium High-Visibility Insulated Vortex rain jacket is made of the highest quality fluorescent orange Rip-stop polyester / polyurethane material for ruggedness and long wear life. Contrasting Lime/Silver reflective material make it perfect for your high visibility needs. It exceeds ANSI Class 3 and CSA Z96 Class 2, Level 2 requirements to ensure you are seen in low light conditions and complex backgrounds. Many other features make your work day as comfortable as you need it to be. A double insulated construction is made of a permanent polyester quilted liner covered by a zip out fleece liner that will keep you warm in temperatures as low as -27° F. The roomy detachable zippered hood will hide away into the collar when not needed and features adjustable drawstring closures and hook and loop chin straps. A stand-up storm collar protects the neck and chin. Ten outer pockets, including a clear ID pocket, and two inner pockets provide much needed storage space. Other features include black shading in hi wear areas to hide soiling, adjustable hook and loop wrist closures, and drawstring waist. Stay out of the cold while in the Vortex. (Matching Pant = VT31BP)

FEATURES:

- Quality Rip-Stop Polyester/PU material
- Exceeds ANSI/ISEA Class 3, Type R and CSA Z96 Class 2, Level 2 Hi-Visibility standards
- When worn in conjunction with VT31BP bib pants, entire suit meets CSA Z96-15 Class 3 standards
- Fluorescent Orange with Lime/Silver Striping
- Permanent Quilted liner and Removable Fleece liner
- Protects in temperatures as low as -27° Fahrenheit, or -32° Celsius
- Drawstring waist & adjustable hook and loop wrists, two way front zipper
- 10 outer pockets, 2 inner pockets, two mic-tab holders
- Black shading hides soiling
