# Mossy Oak Safety Glasses

## Premium Series Specification Sheet

### PRODUCT DESCRIPTION:

MCR Safety® and Mossy Oak® Brand Camo have teamed up to bring you an amazing line up of Shadow Grass® Blades® gloves and glasses. Shadow Grass® Blades® features a precise arrangement of individual blades of grass, whether windblown, broken or bent, onto a background of thatch consisting of lesser or dead grass, to create the perfect pure grass pattern. Carefully placed shadows from the main grass arranged atop the thatch, which incorporates light to dark spots as seen in nature, creates depth that gives Shadow Grass® Blades® a realistic 3D appearance. The USS Defense glasses feature a stylish design with co-injected TPR/polycarbonate temples and TPR nose pads for extreme comfort. The MOUD glasses meet or exceed ANSI Z87+ high impact standard and military ballistic high velocity standard.

### FEATURES:

- Mossy Oak Shadow Grass Blades camo design
- Sleek Co-Injected TPR over polycarbonate temples
- Meets Military Ballistic High Velocity Standard
- MAX6™, MAX36™ or BossMan® Mirror lens coating
- Polarized options

### TECHNICAL DATA FOR: MOUD110PF
