# Mossy Oak Safety Glasses

**Premium Series  
Specification Sheet**

## **PRODUCT DESCRIPTION:**

MCR Safety® and Mossy Oak® Brand Camo have teamed up to bring you an amazing line up of Shadow Grass® Blades® gloves and glasses. Shadow Grass® Blades® features a precise arrangement of individual blades of grass, whether windblown, broken or bent, onto a background of thatch consisting of lesser or dead grass, to create the perfect pure grass pattern. Carefully placed shadows from the main grass arranged atop the thatch, which incorporates light to dark spots as seen in nature, creates depth that gives Shadow Grass® Blades® a realistic 3D appearance. The UD1 glasses feature a stylish design with co-injected TPR/polycarbonate temples and TPR nose pads for extreme comfort. These high quality safety glasses have a lifetime frame warranty and are engineered to provide the highest level of innovation. Choose the best anti-fog safety glasses, choose from MCR Safety's MAX6™ coated options!
