Predator (PD2) Goggles Series Specification Sheet

PRODUCT DESCRIPTION:

MCR Safety's goggles are designed to provide solution-based eyewear protection. This brand is distinguished with application based, stylish design elements and superior coatings for work and play. The Predator® PD2 goggle meets the ANSI/ISEA Z87.1 D4 designation for dust protection and ANSI/ISEA Z87.1 for high impact. The full foam venting helps to reduce heat buildup and assists in minimizing fogging. This goggle is available in standard anti-fog or MAX6™ superior anti-fog which provides 6 times better fog protection. The wide profile lens provides excellent peripheral vision. The elastic strap with hook and loop material and 5-point ratcheting hinges provide complete adjustability for a more personalized fit. The Predator® PD2 goggle is a favorite for the mining industry and any industry needing dust, impact and anti-fog protection. Looking for the best safety goggles? Choose MCR Safety!
