Swagger (SR5) Safety Glasses

**Plus Series
Specification Sheet**

PRODUCT DESCRIPTION:

Get your swag on and conquer the next safety hazard with the Swagger® SR5 Safety Glasses. The SR5 features a foam lined dual lens frame design and athletic style bayonet temples. The temples are permanently bonded with a soft TPR that extends the entire length of the temples making this a comfortable and easy to wear option. The SR522ZPF has our MAX6™ anti-fog lens coating which is proven to provide six times greater fog resistance and dissipation than standard anti-fog lenses. It also features polarized lenses which blocks reflected light, increasing visual clarity and reducing eye stain. Each style can be worn with our SR5STRAP elastic spoggle strap that affixes to each temple, making this option fully adjustable. The Swagger® SR5 is dielectric, containing no metal pieces, and meets or exceeds the ANSI Z87+ high impact standard. These foam sealed glasses could be used as motorcycle safety glasses! The SR5 high quality safety glasses have a lifetime frame warranty and are engineered to provide the highest level of innovation. Choose the best anti-fog safety glasses, choose from MCR Safety's MAX6™ options!
