6002 Dura Shield Disposable Specification Sheet

PRODUCT DESCRIPTION:

Nitrile gloves are made of synthetic latex. They contain no latex proteins and offer excellent resistance to punctures and tears. Nitrile gloves are three times more puncture resistant than rubber and can be used to offer superior resistance to many types of chemicals. This glove is an excellent alternative for individuals who experience allergic reactions to latex. The 6002 Durashield nitrile disposable gloves are 4 mil, textured, have a rolled cuff and are powdered. Component materials comply with all federal regulations for food contact. Gloves are CFIA compliant for food applications.

FEATURES:

- 4 mil, Blue Powdered Nitrile
- Component materials comply with all federal regulations for food contact
- Gloves are CFIA compliant for food applications
