Cut Protection Specification Sheet

PRODUCT DESCRIPTION:

DuPont™ introduced their “Dare Bigger” campaign at the 2015 Winter X Games. Many of the athletes’ protective gear included DuPont™ Kevlar®. Our orange Kevlar® sleeves feature a patent-protected, high visibility orange DuPont™ Kevlar® engineered yarn. The high visibility orange enhances safety awareness. They have excellent cut protection and great dexterity. Additional features include thermal protection, durability, strength, and protection from sharp objects.

Applications for the orange Kevlar® sleeves include cut hazard environments such as; advanced manufacturing, automotive industry, light heat applications, glass operations, metal stamping, sheet metal and even law enforcement. When extreme is not a sport it’s your job, our orange Kevlar® sleeves is the gear of choice for the industrial athlete.

FEATURES:

- Patent protected, high high visibility orange DuPont™ Kevlar® engineered yarn
- 13 Gauge seamless knit
- Gussets for expandability
- Available in 14 and 18 inch plain, and 14 and 18 inch with thumb slot

APPLICATIONS:

Agriculture, Assembly Line Production, Automotive , Automotive Assembly, Bottling, Canning, Carpentry, Construction, Demolition, Furniture industry, Glass handling, HVAC, Manufacturing, Material Handling, Metal fabrication, Recycling, Road construction, Sheet metal industry, Shipping / receiving
