9411KM

String Knit Specification Sheet

PRODUCT DESCRIPTION:

Most terry cloth is made with cotton because the absorbent fiber gets stronger when wet and it can be sanitized in very hot water using strong bleach and detergent without harm. Terry cloth also provides excellent thermal properties. Terry cloth is most often used for light heat applications in the industrial market. The 9411KM features 22 oz. Heavy Weight cotton/polyester blend loop- out material with a continuous knit wrist.

FEATURES:

- 22 oz. Loop-in Cotton/Polyester blend
- Heavy Weight
- Continuous Knit Wrist
- Provides comfort and warmth
- Provides basic cut, abrasion and heat protection

APPLICATIONS:

Bakeries, Cold storage applications, Food service, Material Handling, Stamping
