9415KM

**String Knit
Specification Sheet**

PRODUCT DESCRIPTION:

Most terry cloth is made with cotton because the absorbent fiber gets stronger when wet and it can be sanitized in very hot water using strong bleach and detergent without harm. Terry cloth also provides excellent thermal properties. Terry cloth is most often used for light heat applications in the industrial market. The 9415KM features 24 oz. Gray Heavy Weight cotton/polyester blend loop- out material with a knit wrist.

FEATURES:

- 24 oz. Gray Loop-out Cotton/Polyester blend
- Heavy Weight
- Knit Wrist
- Provides comfort and warmth
- Provides basic abrasion and heat protection

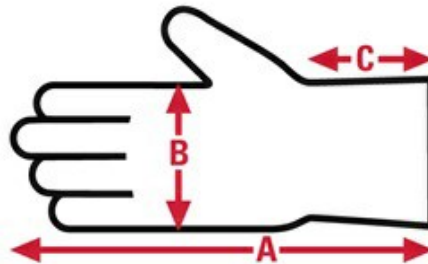

APPLICATIONS:

Bakeries, Cold storage applications, Food service, Material Handling, Stamping
