PD1900 Predator Mechanics Gloves

Mechanics Specification Sheet

PRODUCT DESCRIPTION:

Do you need excellent grip, dexterity and serious protection? Just like your 35 Inch mudslinging truck tires which protect you from hazards in the woods, grab a pair of the Predator™ powered tire tread silicone gloves to face the grit-n-grind on the job site! The MCR Safety Predator® mechanics gloves will give you the grip, durability and protection you need to handle anything the job throws your way. The PD1900 is a premium synthetic leather palm work glove with red silicone tire tread grips and a super stretch knuckle region for greater flexibility. It also features a 2 way spandex back that stretches and moves when you do for maximum comfort. The adjustable hook and loop wrist provides a personalized fit for all day use. Looking for the best work gloves? Get a grip with MCR Safety's Predator® TaskFit mechanics gloves.

FEATURES:

- "TaskFit" Designed Fit
- Super Stretch Knuckle Region for Greater Comfort
- Premium black synthetic palm with red silicone tire tread pattern grip
- Black spandex back with breathable fourchettes
- Hook and loop closure with ID panel
