PD2910 Predator Mechanics Gloves

Cut Protection Specification Sheet

PRODUCT DESCRIPTION:

Just like your 35 inch mudslinging truck tires which protect you from hazards in the woods, grab a pair of the Predator™ powered impact gloves to face the grit-n-grind on the job site! The Predator™ mechanics gloves are constructed with full patented tire tread TPR on the back of the hand and thumb for comprehensive protection. Do you need excellent grip, dexterity and serious protection? The MCR Safety Predator® mechanics gloves will give you the grip, durability and protection you need to handle anything the job throws your way. The PD2910 features a fluorescent orange TPR back that provides ANSI level 1 impact resistance and a soft white cow leather palm that provides tough abrasion protection. D3O® material in the palm adds excellent impact and vibration reduction. This glove is lined with HyperMax™ material that provides outstanding cut and puncture protection and a reinforced thumb crotch that provides additional protection in a high stress area. Hook and loop wrist closures include a panel to write initials to assure identification of owner.

FEATURES:

- Soft white cow grain leather palm
- Full Patented tire tread TPR on back of hand
- ANSI level 1 impact resistant back
- HyperMax® lined for excellent cut resistance
