PD3951 Predator Mechanics Gloves Knit Mechanics

PRODUCT DESCRIPTION:

For tough jobs you need gloves that are tougher! Grab a pair of the Predator® powered impact gloves to face the grit-n-grind on the job site! Predator® gloves are constructed with patented tire tread TPR on the back of each hand and thumb for excellent impact protection. The PD3951 features a Ninja® Ice shell which features a 15-gauge black nylon shell insulated with an acrylic terry liner. The palm side features an HPT™ coating which adds durability, abrasion resistance, and gripping power in wet or dry applications. TPR padding on the back of the PD3951 gloves provide ANSI level 2 impact protection, helping to keep your hands safer from bumps and bruises. The Hi-visibility fluorescent lime color is easier to see and identify, makes you more visible, and reminds everyone to stay safe. Looking for the best hi-visibility impact resistant mechanics gloves? Look no further than MCR Safety!

FEATURES:

- Patented Predator® tire tread pattern TPR on back of hands
- Hi-Visibility back
- ANSI Level 2 impact resistant back
- 15-gauge black nylon shell
