MCR Safety 18-ga CUT PRO®

Sizes: XS-XXL

- 18-Gauge HyperMax™ engineered shell
- Polyurethane coated palm and fingers
The MCR Safety 18 Gauge Cut Protection Series provides the Industrial Athlete with a glove that performs at the highest level while offering extreme dexterity to execute task with precision.

HyperMax™ synthetic yarns are engineered to protect against cuts and lacerations ranging from ANSI Cut Level A2 up to A9. Excellent abrasion properties and high levels of comfort are key to the success of this fiber.

92738PU Sizes: XS-XXL
• 18-Gauge HyperMax™ engineered shell
• Polyurethane coated palm and fingers
• Touch screen friendly

92718NF Sizes: XS-XXL
• 18-Gauge HyperMax™ engineered shell
• Foam Nitrile coated palm and fingers

9278NF Sizes: XS-XXL
• 18-Gauge HyperMax™ engineered shell

- 13-Gauge HyperMax™ engineered shell
- Polyurethane coated palm and fingers
- Touch screen friendly

92723HV Sizes: S-XXL
- 13-Gauge HyperMax™ engineered shell
- Foam Nitrile coated palm and fingers
- Longer knit wrist for added protection
- Hi-visibility lime makes the wearer more visible

92723NF Sizes: S-XXL
- 13-Gauge HyperMax™ engineered shell
- Foam Nitrile coated palm and fingers
- Component materials comply with FDA regulations for food contact

9273HV Sizes: XS-XXL
- 13-Gauge HyperMax™ engineered shell
- Foam Nitrile coated palm and fingers
- Hi-visibility lime makes the wearer more visible
MCR Safety 13 and 10-ga CUT PRO®

Sizes: S-XXL

- 13-Gauge HyperMax™ engineered shell
- Bi-Polymer coated palm and fingers
MCR Safety 13 and 10-ga CUT PRO®

92753  Sizes: S-XXL
• 13-Gauge HyperMax™ engineered shell
• 1st Flat Nitrile over the knuckle coating
• 2nd Foam Nitrile coated palm and fingers

92783  Sizes: XS-XXL
• 13-Gauge HyperMax™ engineered shell
• 1st Flat Nitrile 3/4 coating
• 2nd Foam Nitrile coated palm and fingers

92720NF  Sizes: S-XXL
• 10-Gauge HyperMax™/Steel engineered shell
• Foam Nitrile coated palm and fingers

92720HV  Sizes: S-XXL
• 10-Gauge HyperMax™/Steel engineered shell
• Foam Nitrile coated palm and fingers
• Hi-visibility lime makes the wearer more visible
ANSI A9 Cut Protection
Overall Features:
• ANSI A9 Cut Protection – extreme slice resistant
• ANSI Puncture Level 3 – prevention of penetrating hazards
• ANSI Contact Heat Level 5 – Up to 608°F thermal protection

Applications:
• Heavy Material Fabrication
• Blade Handling
• High-Risk contact with glass, wire, metal, wood

93130MK Apron
• 30” x 24” – torso protection
• Nylon/Neoprene neck strap – all day comfort
• Nylon waist strap

93719MK Sleeve
• 19” length – extended arm protection
• Elbow gusset – improved range of motion
• Spandex hand cuff – for stationary protection to allow use with gloves
• Gusset clip – firm attachment to undergarment
• Ambidextrous

93709MK Sleeve
• 9” length – forearm protection
• Spandex hand cuff – for stationary protection to allow use with gloves
• Ambidextrous
Mechanics Impact Protection

PD2911 Predator  Sizes: M-XXL

- HyperMax™ engineered palm liner
- MAXGrid™ reinforced palm for extreme grip conditions
- Patented Tire Tread TPR metacarpal protection
Features and Benefits
The D3O® high-shock absorbing properties out-performs similar materials weighing more; allowing for full flexibility and range of motion. Testing endorses:

- 54% better Back-of-hand impact dissipation and protection
- 46% better Finger impact dissipation and protection
- Tests show that with repeated impacts, D3O® maintains up to 77% of its impact protection integrity for continued protection.

Patented D3O® material stiffens upon an impact to dissipate the impact energy and reduce force transmitted to the wearer. Immediately returning to a soft flexible state after impact. The soft and flexible material maintains the dexterity you need yet absorbs and dissipates impact energy like no other product on the market.

We’re the first to offer D3O® technology protection in the palm and back of hand in multitask gloves. As one user told us:

“I need padding all around due to working around and holding iron weighing anywhere from 500 to a 1,000 pounds”.

Well, that user is just one of many taking advantage of D3O® Impact Protection!
UltraTech® Impact Level 1 Protection

UT1956 UltraTech®  Sizes: S-XXL
- 13-Gauge CUT PRO® HyperMax™/Acrylic winter shell
- Sandy Foam Nitrile coated palm and fingers
- TPR metacarpal protection
- Reinforced thumb crotch
- Tailored for cold conditions
UltraTech® Impact Level 1 Protection

UT1950 UltraTech®
Sizes: S-XXL
- 13-Gauge Nylon shell
- Sandy Foam Nitrile coated palm and fingers
- TPR metacarpal protection

UT1951 UltraTech®
Sizes: S-XXL
- 13-Gauge HyperMax™ engineered shell
- Crinkle Latex coated palm and fingers
- TPR metacarpal protection
- Reinforced thumb crotch
- Padded Palm

UT1952 UltraTech®
Sizes: S-XXL
- 13-Gauge HyperMax™ engineered shell
- Sandy Foam Nitrile coated palm and fingers
- TPR metacarpal protection
- Reinforced thumb crotch

UT1953 UltraTech®
Sizes: S-XXL
- 13-Gauge HyperMax™ engineered shell
- Sandy Foam Nitrile coated palm and fingers
- TPR metacarpal protection
- Reinforced thumb crotch
- Padded Palm

UT1954 UltraTech®
Sizes: S-XXL
- 13-Gauge HyperMax™ engineered shell
- Sandy Foam Nitrile coated palm and fingers
- TPR metacarpal protection

UT1955 UltraTech®
Sizes: S-XXL
- 13-Gauge HyperMax™ engineered shell
- Sandy Foam Nitrile coated palm and fingers
- TPR metacarpal protection
- Reinforced thumb crotch
- Palm Padded
Features and Benefits
• Premium goatskin leather
• Double stitched with DuPont™ Kevlar® thread
• ANSI Impact Level 1 TPR metacarpal protection

MU3634K  Sizes: M-XXL
• Lined with DuPont™ Kevlar®
• Double layer of goatskin in palm and fingers
• Shirred elastic around entire wrist
• Wing style thumb

36336  Sizes: M-XL
• Oil Block Technology
• Padded Palm
• Keystone thumb

36336K  Sizes: M-XL
• Lined with DuPont™ Kevlar®
• Oil Block Technology
• Padded Palm
• Keystone thumb
**Features and Benefits**

MCR Safety strives to create the most comfortable and durable leather products on the market. The 36136 Series is made with goatskin that provides extreme comfort and dexterity. This supple leather contains natural lanolin that helps create a very soft feel. Characteristics include strongest tensile strength and excellent tactile sensitivity. Best combination of flexibility and comfort. The 36136 Series features select grade grain goatskin leather, shirred elastic back, and keystone thumb. The TPR on the back of the glove will assist with impact and achieves a Level 1 ANSI impact rating.

- Premium Grain Goatskin for all day comfort
- TPR metacarpal protection
- ANSI Impact Level 1 TPR on back of hand, fingers and thumb
- Shirred elastic back
- Keystone Thumb

36136 Sizes: M-XL
- Unlined for excellent sense of touch

36136HP Sizes: M-XL
- HyperMax™ engineered liner offering 360° cut protection

36136KDP Sizes: M-XL
- DuPont™ Kevlar® liner offering 360° cut protection
- Sewn with DuPont™ Kevlar® thread
- Double Palm padding
**48406 Series Welders**

This MCR Safety Welding option is made of premium grain goatskin. This supple leather contains natural lanolin that helps create a very soft feel. Characteristics include strongest tensile strength and excellent tactile sensitivity. Best combination of flexibility and comfort. The 48406 Series are Mig/Tig gloves with a 5” russet split cow skin cuff for additional safety. Sewn with DuPont™ Kevlar®, has a Keystone thumb and a self-hem sewn cuff. The TPR back offers excellent impact resistance on the fingers and back of the hand.

- Premium grain goatskin leather
- Sewn with DuPont™ Kevlar® thread
- ANSI Impact Level 1 TPR on back of hand, fingers and thumb
- 13” total length including a 5” brown split cow leather cuff
- Keystone thumb
- ANSI Contact Heat, 3 - Less than 392°F

**48406K**
- Sizes: M-XL
- Lined with DuPont™ Kevlar®

**48406T**
- Sizes: M-XL
- 100 gm Thinsulate lined
Close up of cable/rope channel reinforced with DuPont™ Kevlar® and silicone tire tread

962 Sizes: S-XXL

- Water resistant Goat Leather palm
- Steel cable/rope channel reinforced with DuPont™ Kevlar® and silicone tire tread
- Reinforced MAXGrid™ finger tips
- Sewn with DuPont™ Kevlar® thread
960 Sizes: S-XXL
- Synthetic leather palm
- Touch screen friendly

961 Sizes: S-XXL
- Premium Grain Honey Gold Goatskin leather palm

963 Sizes: S-XXL
- Synthetic leather palm
- PVC grip design on index finger and thumb
- D3O® padded palm

964 Sizes: S-XXL
- Premium Grain Honey Gold Goatskin leather palm
- D3O® padded palm

Vacuum Suction gives immediate and effective grip against wet and greasy surfaces

Patented Grippaz™ Suction Texture

Vacuum Suction gives immediate and effective grip against wet and greasy surfaces
**Grippaz™ Technology**

**Extreme Toughness with Extreme Dexterity**

Grippaz™ powder free nitrile single-use gloves feature a patented suction grip design which is suitable for most wet and greasy surfaces. The embossed internal grip provides extra traction which keeps the gloves from slipping against the skin. The lattice effect of the grip drastically increases the overall tensile strength which increases the overall durability. Every Grippaz™ glove is designed with the wearer in mind. Each thumb contains the fish scale pattern as found on hand specific coated gloves which truly provides a firm grip when wearing Grippaz™ single use gloves.

Swagger® SR3
Get your swag on and conquer the next safety hazard with the Swagger® SR3 Safety Glasses. Dual lens frame design, athletic bayonet temples, and rated to meet or exceed the ANSI Z87+ high impact standard are the core elements in each SR3 offering. Who doesn’t want to look good while they work?

- Next generation inspired design built for all environments
- Dielectric (no metal parts)
- Lightweight and balanced frame with zero removable parts
- Available and offered in the next generation UV-AF anti-fog coating
- Rugged polycarbonate lenses filters 99.9% of harmful U.V. rays
- Meets or exceeds ANSI Z87+ high impact standard
- Applications for use in all industrial work settings, outdoors, on the lake, at the beach, and other places that you enjoy when not working

Swagger® SR5

MCR SAFETY
Swagger® SR5

Get your swag on and conquer the next safety hazard with the Swagger® SR5 spoggle safety glasses. The SR5 features a foam lined dual lens frame design and athletic style bayonet temples. The temples are permanently bonded with a soft TPR that extends the entire length of the temples making this a comfortable and easy to wear option. The SR522ZPF has gray polarized lenses coated with MCR Safety’s MAX6™ superior anti-fog coating. Each style can be worn with our SR5STRAP elastic spoggle strap that affixes to each temple, making this option fully adjustable. The Swagger® SR5 is dielectric and meets or exceeds the ANSI Z87+ high impact standard. Who doesn’t want to look good while they work?

- Next generation inspired design built for all environments
- Soft TPR extends full length of temples for comfort and grip
- Foam lined for added protection and comfort
- Wear with SR5STRAP elastic and fully adjustable spoggle strap for goggle seal (sold separately)
- Dielectric (no metal parts)
- Lightweight and balanced frame with zero removable parts
- Some offerings available with MAX6™ or UV-AF lens coatings
- Rugged polycarbonate lenses filters 99.9% of harmful U.V. rays
- Meets or exceeds ANSI Z87+ high impact standard
- Applications for use in all industrial work settings, outdoors, on the lake, at the beach, and other places that you enjoy when not working
